

Santa and Spider Man wish you and yours...
A very Merry Christmas!

Something to think about in these horrid times!

Today, many businesses here at Lakeside are dealing with the challenges of COVID-19 restrictions to keep us safe. Local businesses depend on the busy holiday season but, because of our current situation, hundreds are struggling.

Over the past months, I have visited and listened to many local business owners who are working hard to support their customers and employees. They have adapted to keep everyone safe and have found innovative ways to generate revenue as it is essential for them and their families to keep their doors open.

Many have poured their life savings into their business. I met an owner who did everything they could to stay open and even used personal savings to pay for their employee wages. They felt it was essential to keep the business running for the customers and their employees who depend on the income to support their families.

Our local businesses have sacrificed so much to keep customers and employees happy during these difficult times. Now it's our turn to support them because they are essential to our economic well-being. When you buy local, you are creating jobs for Lakeside people.

During this holiday season, I urge you to please support your local businesses. Many have adapted quickly and have made shopping safe for everyone. Retail stores let you shop online or over the phone and will arrange for curbside pick-up. Support your favourite restaurants by phoning them directly for curbside pick-up instead of ordering through a phone app so more money stays in their pocket.

Let's all do our part this holiday season to brighten the spirits of everyone in our community. Support your friends, family, and neighbours in any way that you can.

I wish you a Merry Christmas, Happy Holidays, and all the best in the New Year.

“Always Have Fun!”
