

## Sorry If You Missed... This Great Show!!!

If you missed this show... you missed a great one... Really, funny and oh so well done by a huge cast and even the staging people were a riot.

The crowd (full capacity house) was all tuned up for the fun that took place... real fun for everyone present (and I sure at the other ones that took place.

Everyone was laughing their hearts out and participating in the fun! I really wish I had gone to every show because I am sure the audience participation was amazing every time!

Jayme Littlejohn was amazing as Dorothy... the whole cast was amazing. Maybe we can get an encore or maybe they'll do another classic... Ajijic style!... Super!

Francis

Entitled "American Landscapes" this is the first of 2 concerts this year that feature the orchestra's chamber ensemble. We will have 13 of our players on stage presenting several works by Leonard Bernstein, Antonin Dvorak and Aaron Copland. The major piece will be Copland's Appalachian Spring in a rare performance of the original version for 13 instruments.

Since we announced this event, at our concert last weekend, we have already taken reservations for over 180 tickets and the performance on **Saturday May 6 is virtually SOLD OUT!** We have **90 tickets remaining for the concert on Friday May 5 at 7pm.** Once again I urge you to reserve your tickets now so as to avoid disappointment as we will not be mounting an additional concert this time. All you have to do is reply to this email stating which performance and how many tickets you would like. **Reserve your seats!** Later this month we will have a ticket pick up day. The poster below gives full information on the concerts

## LLT Academy Presents

### Stage Management: The Most Rewarding & Challenging Job (in theatre) Led by Win McIntosh

This three-session workshop is for those who are interested in learning the ins and outs of stage management. Although a somewhat fluid line of work, in essence the stage manager is responsible for organizing the production, communicating across different disciplines (e.g., between the director and the backstage crew, or the actors and production management), and keeping everything running smoothly. This refers not only to seamless management of the technical aspects of a production, but of the human aspects as well.

#### Class size

The course is limited to 8 participants.

- Tuesday, May 2, 2023
