

“A sign of a great musician is they always seem to be able to bring out the best in other musicians. They help people accentuate their strengths and encourage them to work hard on their weaknesses. Their goal seems to always be to help other musicians up, never putting them down.”

www.musiciansunite.com

Way Too True!!!

Over my pretty active 68 years of playing, I met a few musicians that were best described by the above.

Just because a musician has hit records doesn't mean they are a great musician, a truly great musician helps the band and all the musicians in be better... even great themselves.

I could name a lot of great musicians I have had the opportunity to play with but one a lot of you will know was our very own Paul Brier... along with playing 13 music instruments very, very well... he had lots of experience with the likes of Jerry Lee Lewis, Fats Domino and Charlie Daniels to name a few.

He could also “read” an audience like nobody I ever played with.

Spanish language play with English subtitles!

Lakeside Little Theatre's community outreach is already underway! We are planning a very special event on May 17 to promote the work of a young Mexican theatre group from Tonalá, not too far from Ajijic. The teens in the program have been chosen to compete in a children's theatre festival in Germany in late June. They will need to raise funds to cover a variety of expenses: passport applications, airline tickets, food while in airports. Luckily the accommodation and food while at the festival are covered by their participation. Please mark your calendars and you can already buy a ticket to one of the two performances by going to our website for the event Pequeños Creadores.

If you have any issues using the online ticketing or would like to donate to their cause, reply to this email for assistance and further information. While the production is in Spanish, they will be projecting English subtitles on the screen so that everyone can enjoy the show.

The production is loosely based on the novel "Journey to the Center of the Earth" and is used as an analogy of the development from child to adolescence, with the latter being the center of the earth. Please support these young actors and see what should be a unique show. This is the first time we are using the concept of subtitles for a production, and it is an excellent opportunity for them to make sure that all goes well with an audience prior to their participation in the competition.

You are invited to socialize at our Angel Terrace Bar, which will be open starting one hour before show time.

Here comes another action packed week for you to enjoy... the entertainers are waiting for you and will be giving you their best shot!... Enjoy!

Take care and have a great week!

See you somewhere... SOON!

Francis Dryden
