## **There's one very important thing though... Get all the publicity you can!!!**

There's one thing that in all my years of playing was to get all the publicity that I could for my band. But there didn't use to be Facebook and the entertainment guides charged a lot of money in every part of North America I played in.

When I came to Mexico there was the newspaper (charges) and a few spots where you could hang a poster (you had to get it printed and that cost money)... none of these things were very expensive 13 years ago BUT they were also not that effective... and way too many groups were playing for "tacos and beer" (there still are some!").

I got this little newsletter which 13 years ago was promoting where the writer's guy was playing and what was on at the live theatres... but it was free... maybe free isn't attractive! lol There are so many little clubs with no money for advertising bands and the easiest thing is to send an ad to one of the Facebook sites. Try sending it to [francis.dryden@gmail.com](mailto:francis.dryden@gmail.com)... I send it out every Monday and only ask that you at least have it to me by the Saturday of the week you want it in... no charge!

Francis

Thanks for the new subscriptions this week... the more the merrier at our super array of entertainment spots. I am happy to see the rains start as that means the Sunbirds are here or on their way... 5,200 feet above sea level and the same latitude as Hawaii is a great place to “beat the heat!”.

Take care and have a great week!

See you somewhere... SOON!
