

“Music teachers are so very special, because they help their students find the beautiful songs in their hearts. Respect them and thank them for all they do for us.”

www.musiciansunite.com

Where are all the music teachers hiding???
Let me know who you are and I will push it!

I can easily put a list together at a spot in this weekly newsletter that gets out to about 3,000 folks... most who read it!

I use to keep a list of the bands for gigs but they wouldn't keep me posted when they changed... so I dropped it.

If you are teaching music... send me your location, e-mail, WhatsApp or what have you and let's see if we can do some promos for you!
